

Help was done for Mahesh:

On May 4th 2014 on behalf of Helping hands we have paid 6500 INR for Mahesh regarding his health check up tests in diagnostic lab.

Description about Mahesh:

Mahesh is working as a small clerk in B.R College of education since 10 years. He belongs to middle class family and he was staying in Chilakaluripet. He has two small kids of 3 and 5 years respectively. He is suffering from heart problem since 2 years. On 1st may they have met with doctor because in his body irrespectively blood is clotting in some places. At that time doctors suggested to him to do expensive blood tests to know the reason for clotting. Those tests are cost of 6500 INR. On behalf of Helping Hands we have paid 6500 INR in diagnostic lab in the name of Mahesh.
